## **OMSI2 Add-on Three Generations EN DE Free Download**

Acerca de este contenido. Get in and enjoy your ride - welcome to the articulated buses in Hamburg! Three Generations is the first expansion, esp. Hamburg's T-Rex is the first expansion for the game to be released as part of the Hamburg Edition. This add-on is quite unusual as it is basically just an extra bus with a few new items. In addition, the authors of the game have created a special application that allows you to interact with the bus - for example, you can adjust its light or even stop it. In addition, you can change its color or even the color of the passengers inside.
